

SAP[®] Certified in Run SAP Implementation

Certification for SAP Services Partner

SAP AMERICA HEREBY CONFIRMS THAT THE PARTNER

Alpha Sirius Inc., United States

has successfully passed the certification audit within the following category:

SAP Certified in the Run SAP Implementation

This certificate confirms that the partner fulfils all requirements as requested in certification guidelines including:

- Successfully obtained the required number of certified SAP Support Consultants
- Provided proof and demonstrated the adoption of Run SAP methodology into the partner's own SAP implementation standards

This certificate confirms the partner's ability to deliver and implement End-to-End Solution Operation Standards that comprise the Run SAP methodology.

The audit has been performed on 3 December 2009.

The certification will be valid until 31 December 2010.
